

DOG ADOPTION APPLICATION

Seeking a permanent, loving, responsible home for all companion animals.....

So that we may be assured that the dog you wish to adopt is best suited to you, your home, and your lifestyle, and that the animal is placed in an environment that is compatible with his or her needs, we ask that you complete this profile.

Before you adopt an animal from TALGV we need you to:

- Complete this profile and discuss it with an Adoption Counselor.
- Be sure you are financially able to provide for the needs of the animal you are interested in adopting. This includes food, supplies, vaccinations, license, and veterinary care.
- Have the consent of all adults residing in your household.
- Be at least 21 years of age, and present verifiable identification and proof of residence.
- Be aware that few animals are perfect. You must be prepared to give any animal you take into your home adequate time to adjust. You must also put effort into training the animal to help the adoption be successful.
- Understand that this is an adoption, not a sale. TALGV reserves the right to postpone or refuse any adoption that is not in the best interest of the animal.

CAUTION: If you have recently lost an animal to an infectious or contagious disease, you should contact your veterinarian concerning an appropriate waiting period and disinfect procedures in order to protect any new pet you may bring into your home.
